Abide in the Wind Collapse

During the short
time I was sitting in
the waiting room,

The paradoxical's
host is a human...

Even if it is in
a human body
he is just becoming
another sword.

What if part
of his original soul
is still there?

Over and over again, I
thought about the kind
of conversation I should
have with the art director.

I'm trying to
see things in a
positive light.

Everything about me
at the time was lacking.

but I used to
talk to him first.

I can't think
later without
wondering...

My thoughts, my goal, my
conviction, and even my heart.

I want to know where my father's killer is.

I know of monsters that feed off a human's consciousness: parasitoids.

Did you know that this parasitoid used your son's body in order to...

...commit terrible crimes?

Right... If he's bleeding, I just need to close the wound.

We should move fast to the outskirts of town, since my powers are being suppressed here.

Repeat.

That human is
already dead.

His vessel has been drained
of life, as the soul has
left behind the body already

You cannot kill him.

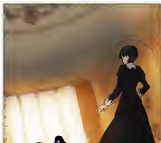

Ah...

So the...

Unpleasant too

CRASH!

KYAAAAAA!!

Guards!

THE ART

STABBED!

This isn't it!! This isn't the way it's supposed to be!!

What is
going on?

They say there's a
murderer on the run

It's dangerous, so
please stay inside.

Oh my, how scary.

Common thread?

Escaping in
the embrace of
your lover?

How romantic...

They should be
thankful to me, for I let
them experience something
so wonderful.

Let us return
to the castle.

Yes, Your
